

MorphoTrust USA rolls out new Utah Driver's License aimed at reducing fraud and identity theft

MorphoTrust USA announced today that the Utah Driver License Division (DLD) has rolled out its new secure driver's license to Utah residents

Safran

Starting today, residents of Utah will be receiving the brand new, highly secure **driver's license** when they renew or apply for a new driver's license or **ID card**. This change stems from a new five-year contract between the Utah DLD and MorphoTrust USA to revamp **Utah's driver's license and identification (ID) cards** with an updated look-and-feel, including new enhanced security features. The licenses and IDs feature encoded elements such as security backgrounds and barcodes that will **reduce driver license fraud and identity theft**.

The safety and security of Utah citizens is of utmost importance to us. This new card, which our long-standing partner MorphoTrust has developed and is manufacturing, includes sophisticated features that will allow us to reduce driver's license fraud and identity theft.

Christopher Caras Driver License Division Director

MorphoTrust is delighted to continue to grow our nearly 50-year partnership with the Utah Driver License Division. Our mission is to secure, protect and simplify the lives of the American people and we are privileged to be able to work with the great state of Utah to provide them the enhanced personalized security features and new "look and feel" for their driver's license they required.

Bob Eckel, President and CEO of MorphoTrust USA

About MorphoTrust® USA

MorphoTrust USA (Safran) is "The Identity Company," providing market-leading solutions and services to state and federal agencies as well as businesses that simplify, protect and secure the lives of Americans. The company's offerings help ensure individuals are who they claim to be through the use of document authentication, data verification and biometric identification (face, fingerprints, iris and skin). Forty-two of 50 states use MorphoTrust solutions to produce 80% of the U.S. driver licenses and IDs – the documents citizens rely on to exercise their civil rights, gain access to benefits and services, and ensure trusted transactions while reducing fraud and enhancing national security. Other programs include U.S. passports and passport cards, as well as solutions for border management, public safety, banking and travel. MorphoTrust serves consumers through a nationwide network of 1100 Identogo® Centers, delivering fingerprinting and other identity-related services to over 3 million customers annually.
